Message from the Dock Master

Living aboard your vessel here at Pier 32 Marina is a privilege that requires approval by the Marina. This summer we experienced a higher than normal live aboard population as many boaters sought and were given approval to reside on their vessel. We also found that boaters were allowing friends to stay on their vessel and reside here in the marina without prior notice and without approval. All live aboard activity must be approved by the marina office. You are permitted no more than 72 hours within any seven day period. Please contact the Marina Office if you have any questions.
